"On my daughter's first day back at school she fell and cut her cheek open. It was such a bad cut that she had to go into surgery. We were very worried that the wound would leave an unsightly scar. In the week after the accident, a friend of mine gave me a bottle of Miracle Tissue Oil to use on my daughter's scar. Seven weeks after the accident you could hardly see any scarring. I am so grateful for this wonderful product." – Samantha Wagenaar
